

ONSITE

CURRICULUM

INSTRUCTION

Provided in a classroom with physical distancing and technology integration for alignment to Online Instructional Model. Teachers utilize best practices through in person and Google Classroom assignments.

ATTENDANCE

Attendance is taken in a traditional manner at a set time by the District.

ASSESSMENTS

ONLINE

CURRICULUM

INSTRUCTION

Self-paced instruction through Google Classroom with teacher recorded videos, live class meetings, and daily progress measures: assignments, discussion boards, and projects.

ATTENDANCE

Students must meet one of these requirements on a daily basis: progress through Google Classroom, scheduled conferences with teachers, or assignments submitted during the specified window for the instructional day.

ASSESSMENTS

ONSITE

- ★ Does your child receive primary instruction (grades PK-2)?
- ★ Does your child benefit from hands-on, in-person interaction to learn new concepts?
- ★ Does your child benefit from frequent support or supervision to complete assignments?
- ★ Does your child need extra support to read on grade level?
- ★ Does your child need additional behavioral supports to stay focused during learning?
- ★ Does your child have a disability or learning challenges that are best addressed in-person instruction?
- ★ Did your child struggle with online learning during the spring of 2020?
- ★ Is your child starting at a new campus next this year?
- ★ Did your child experience significant loss of skills after school closures in spring of 2020?

CONSIDERATIONS FOR DECISION MAKING

ONLINE

- ★ Is your child able to read grade-level material independently?
- ★ Is your child self-motivated and self-disciplined in order to take ownership of learning and stay organized?
- ★ Will your child recognize when to ask for assistance and seek support from their teacher?
- ★ Are you aware that online school during 2020-2021 will be more in-depth, challenging, and time intensive for your student?
- ★ Do you and/or your child have adequate computer skills to email, submit assignments, and access online learning platforms?
- ★ Does your student have access to reliable internet service throughout the day?
- ★ Do you have a designated space for your child to engage in instruction and complete assignments with limited distractions?
- ★ Are you able to provide appropriate supervision and support within the home to allow for implementation of student schedules?
- ★ Are you able to ensure your child is available during the instructional day for virtual lessons and meetings with their teacher?
- ★ Do you have reliable transportation to access the school periodically for specialized classes or assessments?
