

Gonzales High School Website:

Seniors, are you ready for the fall SAT and/or ACT? The Gonzales High School SAT will be given on August 25th & the ACT on September 8th. The registration deadlines are July 27th for SAT and August 3rd for ACT. In order to help parents and seniors make informed decisions regarding these college admissions tests two information sessions will be held at the Gonzales High School Library on July 23rd at 9:00 am or 5:30 pm. The early test dates are focused on allowing seniors another opportunity to improve their test scores since more than half of all students increase their scores the second time they take the test. Also, seniors who haven't taken a test yet still have the opportunity to take advantage of a local test administration before college application deadlines have closed.

The sessions will give an overview of the tests including basic information, the differences between SAT and ACT, the registration process, where to find more information and resources, and discuss payment options. Immediately following the information sessions the computer lab will be open to allow access for the online registration process and assistance will be available. The sessions are focused on seniors but are open to anyone. Juniors are encouraged to take these tests in the spring; however, they will benefit from the information being presented so they are better prepared for the spring tests.

Please visit the counselor's corner on the Gonzales High School website for more information and resources. We hope you are able to take advantage of this opportunity and look forward to seeing you on July 23rd.

El SAT de Gonzales High School el 25 de agosto y el ACT el 8 de septiembre están a la vuelta de la esquina, al igual que los plazos de inscripción. Las sesiones de información se llevarán a cabo en la Biblioteca de la Escuela Preparatoria Gonzales el 23 de julio a las 9:00 a.m. o 5:30 p.m. Las sesiones proporcionarán una descripción general de las pruebas, incluida información básica, proceso de registro y dónde encontrar más recursos. Inmediatamente después de las sesiones de información, el laboratorio de computación estará abierto para permitir el acceso al proceso de registro en línea y habrá asistencia disponible. Por favor visite el Rincón del Consejero de Gonzales High School para más información y recursos.
