# How to Find Student Computer Login and Password
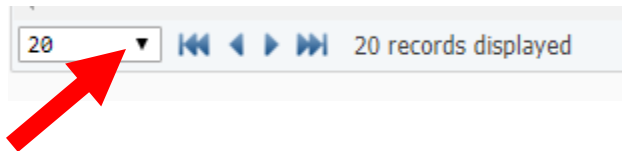

1. Log on to **Skyward Student**. Make sure you are in **Educator Access Plus**.

2. **C**lick **Teacher Access** and then click My Students.

3. In the bottom left corner, change the number of students you can see to more than the total number of students that you have.   For example…If you have 200 students, change it to 500.

4. Click on the student's last name and their profile page will come up. It has their picture and parents information on it. Just below the picture is the following information. Their **computer login (Student Access Login)** will be their lastnamefirstinitial.graduationyear and their **password (Student Access Password)** will be gisd.theirlunchnumber.
